

**Introduced by Senator Corbett**

February 25, 2009

---

An act to add Section 17075.20 to the Education Code, relating to school facilities.

**LEGISLATIVE COUNSEL'S DIGEST**

SB 305, as introduced, Corbett. School facilities: construction: seismic mitigation.

Existing law requires the Department of General Services, in consultation with the Seismic Safety Commission, to conduct an inventory of public school buildings that are concrete tilt-up school buildings and school buildings with nonwood frame walls that do not meet specified standards. The Kindergarten-University Public Education Facilities Bond Act of 2006 makes available up to \$199.5 million dollars for the purposes of seismic repair, reconstruction, or replacement pursuant to the Hardship Assistance Program of the Leroy F. Greene School Facilities Act of 1998.

This bill would state the intent of the Legislature to enact legislation that would modify the standards used to identify school districts that are eligible to receive hardship assistance that is made available by the Kindergarten-University Public Education Facilities Bond Act of 2006 for the purposes of seismic repair, reconstruction, or replacement of school buildings.

Vote: majority. Appropriation: no. Fiscal committee: no.  
State-mandated local program: no.

*The people of the State of California do enact as follows:*

1     SECTION 1. Section 17075.20 is added to the Education Code,  
2     to read:  
3     17075.20. It is the intent of the Legislature to enact legislation  
4     that would modify the standards used to identify school districts  
5     that are eligible to receive hardship assistance that is made available  
6     by the Kindergarten-University Public Education Facilities Bond  
7     Act of 2006 for the purposes of seismic repair, reconstruction, or  
8     replacement of school buildings.
